Dear 5th CAPSCA AP Meeting Participant,

We are getting closer to our 5th CAPSCA AP meeting, in Ulaanbaatar (19-21 April). To-date we have 38 participants who have registered for the meeting. It is indeed encouraging to note that there is a reasonably wide-ranging interest from States, international organizations, airlines, civil aviation authorities, public health authorities (including ICAO, WHO, ASEF, ACI, WFP, Cathay Pacific Airlines, MIAT Mongolian Airlines, Brunei, China, DPRK, HKG SAR China, Macao SAR China, Malaysia, Mongolia, Philippines, Singapore, NZ, etc.). We are still awaiting responses from a number of people/organizations and hope you would continue to circulate the information and inspire others to attend as well.

Final Meeting Programme:

The ICAO Team is in the process of finalising the meeting programme (based on the requests for presentation slots received thus far) and would be distributing it in the near future. If there is an interest on your part to share experiences/information please notify us soonest, especially the title of your presentation, so that we can allocate a slot and include this in the final meeting programme.

You are aware that a session for ‘Training of Technical Advisors for CAPSCA-AP’ is being held on the afternoon of Friday, 20 April 2012. Our hosts the Civil Aviation Authority of Mongolia (CAAM) has graciously agreed to support a half-day demonstration of a "CAPSCA Airport Assistance Visit" by the ICAO team at the Ulaanbaatar International Airport on the morning of Saturday, 21 April 2012. Those meeting participants wishing to participate in these extended events should take this into consideration when finalizing your travel arrangements to Mongolia. It would assist in the general planning if you could kindly confirm to ICAO, your attendance for these two aforementioned events.

Point of Contact for transportation, meeting arrangements, entry visa into Mongolia and hotel reservations:

CAAM is kindly arranging transportation if required, for meeting participants from airport to hotels on arrival. Additionally, CAAM will kindly arrange transportation to the meeting venue for participants staying at hotels other than the venue of the meeting, which is at Chinggis Khaan Hotel in Ulaanbaatar. Therefore, participants who require the aforementioned assistance are requested to provide the necessary flight details and hotel information directly to CAAM (contact information provided below), at your earliest convenience.
Also participants requiring general information regarding Mongolia, assistance in entry visa requirements into Mongolia and for hotel bookings & reservations, can directly contact the CAAM officials below:

i) Mr. Tuvshinbayar. D, Officer, Air Transport & Foreign Cooperation, CAAM. Email: tuvshinbayar.d@mcaa.gov.mn and Tel: +976-11-282009.

ii) Mrs. Ariunzaya. J, Officer, Flight Safety Department, CAAM. Email: ariunzaya.j@mcaa.gov.mn and Tel: +976-11-285026.

I hope that this information will assist you in your preparations to attend the 5th CAPSCA AP Meeting.

See you in Ulaanbaatar.

Thank You / Best Regards,

Manjit Singh
